SMALL SEDAN

Hyundai Elantra SE

Redesigned for 2007, the Elantra is a well-rounded small car. It provides good fuel economy, a comfortable ride, and an interior that's quiet, roomy, and well equipped. It also has standard electronic stability control, a proven safety feature that's absent on many other small cars. The Honda Civic EX and Mazda3 are more fun to drive, but lack ESC on more affordable versions. Price: \$18,000.
